ORLIENAS

Alain Milliat produces fruit juices, nectars, jams, and fruit purees in a traditional home-style manner which is characterized by intense natural flavors. New products are introduced every year based on harvests and fresh discoveries by Alain Milliat.

Alain Milliat's products add a complexity to a non-alcoholic beverage program, sophistication to a room service tray, and elegance to a mini-bar or take-away beverage cooler. These products are unlike other shelf stable juices available in the American market due to their seasonality, depth of flavor, and refined packaging and presentation.

Antipodes - Zero Carbon Water

The world's best water from the purest country .

Antipodes comes to the surface from a deep aquifer and is bottled at the source in the Bay of Plenty, New Zealand. Due to **the very low natural minerality** of these waters, and their neutral pH of 7.0, Antipodes is uniquely suited to pair with food and wine. Antipodes' elegant bottles present beautifully on dining tables, in hotel rooms, and in take-away beverage coolers.

This is a sophisticated water for a sophisticated audience.

Bottarga - Boutargue

Memmi's bottarga is made on the outskirts of Paris by artisans who are steeped in the long French tradition of this singular product from the Méditerranée. "Boutargue" is the oceanic version of parmesan: it can be grated on pasta, sliced and served on thick toast with olive oil, or shaved over a salad of artichoke hearts. The wax coating on this bottarga ensures freshness so that when it is peeled away the natural bright orange color is preserved.

Certified Kosher.

**Nicolas Alziari
Olive Oil**

This exceptional olive oil is made in Nice, France at the Moulin Alziari, an ancient and storied mill. Here, the Alziari legacy is highlighted through a custom blend of the Mediterranean's finest black olive varietals, including the "petite olive niçoise," a local olive renown for its premium soft tone with hazelnut and almond flavors. Once selected these magnificent olives are milled with a stone press which has been in use since 1868.

Famed for its fruity taste and sweet aroma, The Nicolas Alziari Cuvee Prestige we offer is used by discriminating chefs as a dipping and finishing oil, but thanks to its high smoke point, this is an excellent all purpose oil. Also ideal for retail customers who want a beautiful jar of French oil to display.

IMPORTED CAVIAR

Farm Raised in Rio Negro River, Uruguay

Packed in our New York licensed facility

SIBERIAN STURGEON 'BAERI' (*Acipenser baeri*)

Polanco's farm, Estuario del Plata, is located in Central Uruguay on the banks of the Rio Negro river, an ideal environment for Siberian sturgeon. Raised directly in the river, the sturgeon grow strong and hearty as they continually fight the swift current to swim upstream. The natural movement of the water ensures plentiful oxygen and fresh, clean surroundings.

Origin: Uruguay

Available fresh (4 weeks shelf life)

Packaging formats: TINS (vacuum packed) (1oz, 1.75oz, 4.4oz, 8.8oz),
Original Tins (Chilled, 1 to 1.7kg)

Proximus

DOMESTIC CAVIAR

Sourced exclusively in the USA

WHITE STURGEON (*Acipenser transmontanus*) - Farm Raised

White sturgeon's natural habitat are the rivers in Western USA (Columbia, Sacramento). It is the largest fresh water fish of North America. Its medium to large roe has a wide color range with a mild nutty flavor.

State of Origin: California

Available fresh (4 weeks shelf life), or pasteurized (90 days shelf life)

Packaging formats: TINS (vacuum packed) (1oz, 1.75oz, 4.4oz, 8.8oz), Original Tins (Chilled, 1 to 1.7kg)

HACKELBACK (*Scaphirhynchus platyrhynchus*) - Wild

This American sturgeon's natural habitat are the rivers of the Mississippi river basin. Its medium size roe is dark green to black in color and has a clean and pleasant taste.

States of Origin: Missouri, Tennessee

Available fresh (4 weeks shelf life), or pasteurized (90 days shelf life)

Packaging formats: TINS (vacuum packed) (1oz, 1.75oz, 4.4oz, 8.8oz), Original Tins (Chilled, 1kg/2.2lb)

PADDLEFISH (*Polyodon spathula*) - Wild

Also called Spoonbill, this prehistoric fish is a cousin of sturgeon and is found all along the Mississippi River system. It is subject, like sturgeon, to regulatory protection by the US Department of Fish & Wildlife. Its roe is small, light to dark grey in color and it has an earthy flavor profile.

States of Origin: Oklahoma, Tennessee, Mississippi, Missouri

Available fresh (4 weeks shelf life), or pasteurized (90 days shelf life)
